

Programme highlights

CLIMATE CHANGE AWARENESS

Organic conservation, environmental responsiveness and living with nature to save low-lying areas like Bangladesh and similar other geographical areas in the region.

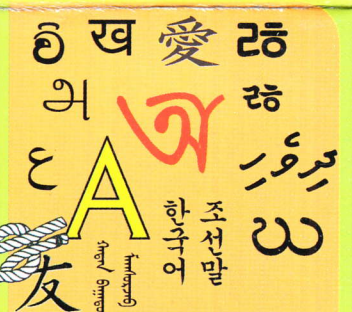

ETHNIC CULTURE EXPO

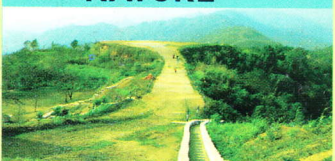

Embracing humanoid differences by an exposition of Ethnic Culture, where all participating countries shall highlight the ethnic groups in their own countries through information, music, clothing, fete and food.

Participants shall learn to appreciate the importance of **Mother Language** by learning about other languages. Together we shall form the largest celebration ever of **United Nation's International Mother Language Day** to promote awareness of linguistic and cultural diversity and multilingualism.

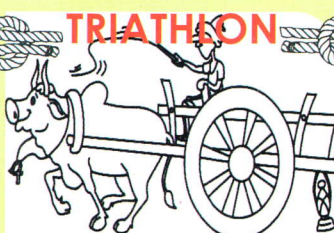

DISCOVERING NATURE

Face the might and embrace the gifts of Nature through a Triathlon
